COLORS

If you know the colors that you will be using, send them over to us. You can email the images of the paint colors or just the names. If we are matching colors and you are not sure of the exact color that is on the walls, we will match those on our first day.

WHO IS COMING TO PAINT?

All of our painters are amazing at what they do. We promise that no matter who it is that is coming by to do the painting that we will always be creating smooth finishes and clean lines.

HOW DO I PREPARE?

We have created a quick PDF that lets you know all about pictures and moving furniture. You can view that PDF by [clicking here](#).

CONTACT US ANYTIME.

We will keep in touch with you and visit the project as it progresses but if at any time, you need to reach out to us, give us a call or email. We will get right back to you.
